Look at #2  
I think she may go off higher than her ML. She is PP12T, but not necessarily quicker than the rest. Her figs are not as good. She switches to a bug for 4% trainer. On the other hand, he is a PP12T, has a bit of quickness, drops, loses five pounds, has some excellent workouts, and her only two wins have been on the turf. Speed and the rail are good right now at SA, and she should get the rail. Her last two race figs are competitive. If she goes off at 6-1 or higher, she may be worth a bet.
