#1 steps up after two lacklustre races, one back against cheaper; switches to Batista; decent work since. #2 drops, switches to Castanon after 45 day layoff; probable, but boring. #3 FTS with a decent work five days ago; excellent connections; decent breeding; very possible maybe probable. #4 drops, gets Suarez; gelded since last; sparkling work 10 days ago; looking for the lead; may get it and go; obvious possible. #5 drops; comes from Mth after two month layoff; picks up Hector for Kathleen; tried early last race, got swamped; boring works. #6 looks like Kathleen's main horse; FTS; boring works; bred for it; enh.

Boring, indecipherable maiden race. I'll probably look at #3 and #6 pretty hard. Won't be shocked if #2 (or anyone else) wins.

#1 ran like she was dragging an anvil in her only race, at GP, against cheaper, with no trouble. #2 drops after a 40 day layoff; comes from Aqu; likes the front end, could get it; but doubt if she lasts. #3 also likes the front end; first time turf; decent fig; no works; wakes up with blinkers on the drop? Possibility. #4 only race was in the mud; ran like piggy; switches to Batista for Delgado; good connections; no turf breeding; would be a shocker. #5 okay last race on tapeta; steps up and switches to Morales; also likes the front end; not quick enough to get it so far; boring works; first time on turf and no turf in background; wakes up on grass? I don't think so. #6 decided she didn't want to run at the start of her only race, in the slop; 40 day layoff; pretty good works since; tries route and turf for the first time; wake up possibility? #7 ran on the turf against tougher but didn't really run; had trouble; best turf speed of the bunch; boring works; iffy. #8 FTS; boring works; good connections; got some turf breeding; doesn't have to do much to beat the rest of these.

Boring, indecipherable maiden race. Think #3 will try for the lead, maybe get it, could go all the way; if not, maybe #6 or #8 may have the best chance, or even #5 if Morales can get her out of the box, but maybe throw a dart instead. Too little information.

#1 hasn't done much since he broke his maiden in February; trouble in last two; figs from early this year might make him competitive; don't know if he will be. #4 moves up from the bottom with boring figs and works; ran his career best race here on dirt in July (74); mostly synthetic since; off since October. #3 also moves up from the bottom; switch back to Samy; decent fig two back (79) against better; likes the front end but isn't very quick. #4 boring figs, boring works; drops in class, last four were on turf; switch back to Mitchell; two month layoff; broke his maiden on "off turf" track; yawn. #5 best figs of the bunch; keeps Samy junior; steps up from bad race at GP a month ago; has five races on the form that would probably win this if he can run back to one of them; probable winner if there is one in here. #6 drops from a \$16k turf race at Del in which he finished twelfth of twelve; switches to Rojas; last five were on turf; I give up.

It will be a miracle if one of these horses actually makes it to the finish line. Predicting that requires a crystal ball. I guess I'd look at #3 and #5 if I had to.

#1 drops a bit and switches to Samy, won his last against similar; deep closer, which does not appear to be the best style for turf routes at Tampa right now, maybe Samy can make a difference. #2 is 2 for 16, wired cheaper in a 7.5f turf sprint at Del two back in very slow splits but showed good quickness three back pressing against this kind and losing by a neck; a repeat would make him a contender. #3 has pretty good average figs but can't seem to win; ran a 79 here in March ATDS against this kind, lost by a neck; switches to Allen; has to find some heart, but doubt that he will. #4 BTL against \$5k claimers in last; switches back to Jimenez; owners trying to find a trainer who can win with him; can't dismiss. #5 BTL against cheaper in last; quickest of the bunch so far; claimed three times on form; switches to Centeno, who is 24% with early speed horses; right style for this type of race; third off layoff; if gets a comfortable lead could be gone, but stretches out for the first time. #6 is a presser; 0 for 7 on turf; ran last 10 races on synthetic; would be a shock. #7 drops; okay figs; presser/closer; keeps Suarez for first time in new 11% barn; could wake up on the drop but I can't bet on it. #8's last ten were on synthetic; one win for nine races on turf but nine for nine in the tri; keeps Morales; sneaky; beaten fave in last; back to what could be his favorite surface; must use somewhere.

Looks like #5 will get a comfortable lead unless someone else shows surprise speed, could go all the way unless #8 wakes up and can run him down or #3 finds a heart. #4 might get a piece.
